

What Do You See?

The eyes are the windows to the soul,
Or so I've heard.

I stand in front of a mirror;
Looking into my eyes as my soul repeats these words...

*For years,
A broken record of lies has been brought upon your ears;
Making you believe them, hear them, and hold them dear.*

*For years,
You have been blinded
By a universal lack of ambition.
What do you see Magic Nick?*

I see that I should be myself and not put all of my eggs into one basket.
I see that I should work hard in life until I reach my casket.

What do you see Magic Nick?

I see that some people are lucky and think that to succeed,
You need to be at the right place at the right time
In order to shine,

What do you see Magic Nick?

I see that my desire to dream
Is enough in order to succeed.

What do you see Magic Nick?

I see that you are getting on my nerves.
Now, let me tell you what I see...

I see that we live off our ancient thoughts.
Letting fears through our psychologies
Until it gets us lost.

Lost in our dreams.
Lost in our thinking.
Lost in a life of mediocrity in which it will break.

You have been conned by the greatest con man on Earth,
Your thoughts.

They have forced you to live your life in a box.
Telling you lies like,
“You should be yourself;”
Or “you have to be in the right place at the right time” in order to achieve success.

*So once again I ask you,
What do you see Magic Nick?*

I see a war going on inside of me.
My thoughts are divided
And my soul is trying to break free.

But I can't tell the difference between my own thoughts
And that which comes from society.

I have a dream.
I work hard in my schooling but it is not enough;
I do everything in my power but still times are rough.

LISTEN, LISTEN, LISTEN TO ME!!

Everything that happens, happens for a reason and that is the key.
I will write down these words and your mind will break free;
Change your perspective,
Change the way you see.

In order to erase your own inner perceptions
'Cause the world is more dominated by the way you perceive it to be.

If you want success,
Then change the way you think, feel, talk, and dress.

If you want your dreams to come true,
Then combine desire and action to achieve those means;
Because everything you have is a manifestation of what you think.
Before you realize it,
You will be on the brink of success.
Take action because nothing comes to those who wait.

Do you see it now Magic Nick?

I see that I should not just be myself,
I should be my best self.

I see that you do not have to be in the right place at the right time,
You should be everywhere all the time!

Do you see it now Magic Nick?

I see that I SHOULD put all my eggs into one basket,
Because without force for desire the dream will never live!

Do you see it now Magic Nick?

I see that success is not something you pursue, it is something that you are.

Do you see it now Magic Nick?

I not only see that I have opportunities outside my box,
I see the potential inside my box,

I see that life by itself is not good enough!
Mediocrity has replaced exceptional,
And if you dream you take action to succeed
Because if you think, you become.

For our lives are lived by the dominating thoughts in our minds.
Become the best you can be.
Be the best at what you do.
And surround yourself with the outcomes you wish to procure.

If you work hard on your job,
You can make a living.
But if you work hard on yourself,
You will make a fortune,
I see the difference!
